**Etiquette Corner**

***Taking it with you:***

*Your skills follow you everywhere you go, your etiquette should as well. For example, if you see your instructor in the grocery store or at the movies greet them just as if you were in the DoJang. Be respectful to the people around you and maintain a positive attitude in all situations, not just when it is convenient. Treat your teachers, coworkers, and all people you meet the same as you treat your instructors and classmates. Respect is contagious, and rewarding! Spread it and see the positive impact it makes if your life and the people closest to you.*
