Etiquette Corner

Bowing (part 2):

Bowing from standing is considered semi formal while bowing from kneeling is formal bowing. In either case, bowing has no religious or worshiping connotations. Bowing is a physical salute. We also verbally salute by saying "Kuk Sool!" for all bows except to the national flag. How low should you bow? The standard is between 45 and 90 degrees. When bowing to a higher rank, you should bow lower than them.

Ponder the idea of bringing your head below your heart and the meaning behind it.
