### Ground Breaking!

Our new building is finally underway! For the past 5 years, we have been working on an expansion project that includes a much larger practice floor and the introduction of our new After-School Martial Art program, Tomorrow's Leaders. As construction begins, we will need everyone's help as parking and entry to our current building will be slightly different. We will keep everyone posted as to the changes and we ask for everyone to give yourself just a few extra minutes for arriving and also departing from the DoJang. If we all work together, we can make it work seamlessly.
