### Etiquette Corner

#### Hygiene

Martial art training involves a good deal of hard physical work and often includes working closely with others. Getting sweating is part of training. We've all had a partner at some point who was unpleasant to work with. Whether it was from an unwashed uniform, foul breath, lack of deodorant or smelly feet, it can make training difficult.

Be sure you come to class with a freshly washed uniform. A little mouth wash or a breath mint can go a long way. Mind your feet, we all share the same floor.

We need others to advance our abilities. Be polite, clean, and positive and you'll be the person everyone wants to work with.
