(I have read below)

Movie Night is a fun filled event in which students and guests get to enjoy a night of supervised activity. This event is separate from regular class; however, both students and guests will be participating in a martial art introductory lesson taught by qualified instructors. As with all activity, there is a risk of accidental injury, by signing this permission slip you are aware and recognizing the possible risk of injury and release Kuk Sool Won™ and all of its personnel from any liability.
